

Newsletter 2020

Report from January - July 2020

The AWE team expanded its activity this year. Four categories were created.

1. **SunshineKids:** AWE-Team supports social disadvantaged children in area of education, assist them get proper medical care as well as providing them with basic needs.

During the period mentioned, the AWE team supported the schooling of a total of 8 disadvantaged children between the ages of 6 and 14. These are orphans and children who have fled to neighboring Nigeria due to the persecution, oppression and killing of the Anglophone population in the English speaking region in Cameroon. The project is ongoing.

2. **Pride of a Woman:** Less privileged girls and women get empowered by AWE team. The goal is to improve the living standards of the less privileged women and girls by enabling them to generate their own income. For example through sustainable agro-pastoral activities and other sustainable projects.

Training women bakery was carried out by our NGO-Partner Joy foundation in Buea Cameroon.

Other activities that are running under the category Pride of A Woman are;

- Empowering IDPs in agro-pastoral activities
- Networking a church community of women in Bafut Northwest Region in Cameroon

Graduation ceremony of Trainees in Joy foundation Partner-NGO in Cameroon

Newsletter 2020

- 3. Vibrant Youths:** AWE promote the education of social disadvantaged talented youths and also help them get employed or open up small businesses.

- A two-week training in embroidery and small business management training course in September 2020 for displaced women and young girls in Limbe, Southwest Region Cameroon. Other projects include assisting a post graduate in setting up his own retail business.

- 4. All-Lives-Matter:** Intervention measures to save human life. These include, providing shelter, water, proper sanitary, medical care, basic needs, etc for disadvantaged people, disabled persons, victims of war and political prisoners.

AWE-Team supported some sick persons and those injured in the war to get proper medical treatment.

We provided basic necessities to several Cameroonian refugees who fled to neighboring Nigeria due to the persecution, oppression and killing of the English-speaking minority in Cameroon.

AWE-Team provided basic needs to displaced people who sought refuge in the forests and to political prisoners in Cameroon.

The team has carried out projects against the spread of the corona virus. In Ogoja Nigeria, for example, the AWE team supplied four of the refugee camps with hygienic items.

Events

Shortly before the outbreak of the corona pandemic, the AWE team took part in a cultural event in Munich. The team also took part in webinars organized by VENRO and BMZ.

In the future we plan to continue to participate in events and Webminars organized by VENRO, GIZ and Schmitz foundations.

In addition, we want to network with local communities in Africa, learn about their needs and support them in specific areas. We also want to intensify our engagement to empower young women and enable them to generate their own income.

In addition, we will continue working to improve and better the living conditions of social disadvantaged people, especially children, youths and disable persons.

You can learn more about our engagements on our Facebook page @ AWE.ev and on our website www.awe-ev.org.
